Cyclists' Touring Club - Member Groups

The UK has many CTC local groups which are run by members for members - all of whom are volunteers. A CTC member can participate freely in the activities of any member group.

You do not have to be a member of the CTC to try any of these rides. However, you are limited to attending six rides as a 'guest' before you are expected to join the CTC.

Members have valuable benefits, including third party insurance, legal aid, advice on all aspects of cycling and an excellent magazine, CYCLE. The CTC has an increasingly important role in working for all cyclists. Please quote our local code L2 when joining.

For details call 01483 238 337 or visit their website www.ctc.org.uk.

find us at www.cycleshropshire.org.uk
